

## Matthew Li

librohew@gmail.com | 908-872-8993 | github.com/librohew

### SKILLS

#### Computer

- Perfect score on Microsoft Excel 2013 Expert, Part 1 certification exam
- Certified in Word 2013, PowerPoint 2013, and Java SE 8
- Extremely proficient in Python
- Proficient in C, R, Markdown, LaTeX, and Javascript
- Familiar with HTML, Standard ML, Elm, Haskell, SQL, and the RISC-V Instruction Set

#### Language

- 2018 New Jersey State Seal of Biliteracy in Spanish

### PROJECTS

#### **Coca-Cola & Pepsi Classification with Machine Learning Algorithms**

*Full-Scoring Presenter @ Kean University*, November 2022 – December 2022

- Processed and visualized Kaggle image dataset in Jupyter Notebook using **wand** Python library
- Evaluated logistic regression, k-nearest neighbors and SVM algorithms using metrics like recall rate

#### **SADICAUGA**

*Best Overall Award - Team @ University of Chicago (UChicago)*, July 2022 – September 2022

- Semi-automatically discovered interesting cellular automata using interactive genetic algorithms
- Wrote Python code to produce Google Sheets formulas and comprehended C/HTML-producing code

### WORK EXPERIENCE

#### **UChicago**

*IT Services Student Assistant*, September 2020 – March 2021

- Optimized spreadsheet data entry to keep IT Services on track in a much more efficient way
- Monitored alarms generated by wireless access points and pinged IP addresses to clear alarms
- Familiarized student co-workers with IT Services department's infrastructure, layout, and software

### EDUCATION

#### **Kean University**, Union, NJ

*Non-matriculated Undergraduate Visiting Student*, 2022 – Present

Relevant Coursework: Machine Learning Algorithms, Graph Theory, Artificial Intelligence

#### **UChicago**, Chicago, IL

*Bachelor of Science in Computer Science*, expected June 2024

Relevant Coursework: Programming Languages, Advanced Linear Algebra, Theory of Algorithms

**edX**, Online

*Member*, 2020 – Present

Relevant Coursework: C Programming with Linux Professional Certificate, Chinese Language in Culture: Level 2, Multivariable Calculus 1: Vectors and Derivatives
